

M.SC. AND PH.D. POSITIONS AVAILABLE

If you're ready to push the boundaries of what's possible in Neuro AI, we'd love to hear from you. Apply today and help shape the future of neuroscience and artificial intelligence!

What We Offer:

- An opportunity to work on cutting-edge research projects at the forefront of Neuro AI.
- A collaborative, team oriented environment
- A supportive research experience with resources and guidance.

What We're Looking For:

- A strong academic background in CS, ECE, BME, Physics, MAT, or other quantitative fields.
- A genuine passion for research and innovation.
- Excellent problem-solving abilities and theoretical skills.
- Strong programming skills.
- Prior research experience in AI or Neuroscience is a plus.
